

Tire chains for your wheeled vehicle are usually listed in the additional authorization list (AAL) in the -10 TM. But not all -l0s have the info.

Plus, the TMs don't give you replacement cross chain and swivel hook NSNs for the chains. So here is the right chain info for some common tire sizes:

Assembly (Pair) NSN 2540- 0-528-7360 0-933-9024 0-057-0204 1-185-8306	Cross chain NSN 2540-00-933- 6960 6916 6916	Swivel hooks NSN 2540-00-937- 0404 0404 0404

If dual tire chains for your tire size are not listed here, use singles on the outside tires. Parts are the same for single and dual chains of the same size.

If your vehicle has a tire size not listed here, have your supply clerk check out FSC 2500 in FED LOG for other chains. Authority to order chains comes from Appendix A, CTA 50-970.
